ANOTHER MR. GIBSON.

The Police made a Big Catch Yesterday at C. and O. Station.

Yesterday morning a young country-looking jockey was arrested at the C. and O. Station.

In reply to an inquiry he said his name was John D. Gibson, whereupon the officers were cock sure they had the man who murdered his step-child, Cattleburg—although this Mr. Gibson's "whiskers" were in the goatee of "fuzz" period, while the other Mr. Gibson's beard would turn the edge of a crooked saw.

"Nor did it make any difference that this 'Mr. Gibson' is a molder by trade, while the other 'Mr. Gibson' is a plain every-day laborer."

He was placed under guard and the wires fairly buzzed between Mayville and the Month of Sisyphus, until the upriver officers were that they had no for this Mr. Gibson.

Moral—If your name is Gibson, don't come to Mayville.

Praise the bridge that carries you over either a flood or cough. Ballard's Horsebound Syrup has brought so many over throat and lung troubles, such as Coughs, colds, bronchitis, etc., that its praise is everywhere. Price, 50c and 75c. J. Jas. Wood & Son.

THE REAL GIBSON NOW.

The Boyd County Child Murderer Is in Jail Here.

WAS CAUGHT IN CARTER COUNTY.

John Gibson, who so foully murdered his step-child, is now in the Mayville Jail for safe keeping from the infuriated populace of Cattleburg, where this crime was committed.

Rumors have been flying thick and fast of late as to the whereabouts of this human brute, but THE LEADER gives this authentic story from the lips of W. L. Geiger, Deputy Sheriff of Boyd county, who brought the culprit to our Jail this morning.

In the first place much of the story of the murder of the child is false. There was no evidence of the use of a red-hot poker, but the child's body was full of kicks and bruises, and a broken limb. The prolonged torture of the child is a sensational statement, for the truth is Gibson evidently did not like the child and mistreated her as many other step-children do.

At any rate the child died and when physicians went to the home and made examinations Gibson tried to convey the impression that smallpox was the cause of death.

His wife, the mother of the child, incriminated Gibson.

He was arrested last escaped and has been at large until yesterday when Charles Davis of Cattleburg and Mr. Griffith of Old Iron Furnace captured the prisoner.

Only the County Judge, Sheriff and his Deputy knew of the capture, who went for him and took him to Cattleburg last night.

Matters were heard and knowing the feeling against him it was decided to remove the fellow to this city.

James H. Hord, Gibson and Deputy Geiger came to Riverton to catch the C. and O. train, but there found they could not get aboard. They drove back ten miles to Russell and got on the train, reaching here at 6:10 this morning.

The prisoner is about 28 years old, and when interviewed would not talk, save to express the desire to have a speedy trial and a chance to vindicate himself.

The Boyd Circuit Court convenes in January and the presiding Judge is S. G. Kinney.

The general supposition in Boyd that the cause of the crime was to secure the child's insurance, her life, having been insured for a small amount but a short time before.

Deputy Sheriff Geiger, who accompanied the prisoner here, is a genial gentleman and his courtesy to the press was very much appreciated.

Morgan Barlow was Tuesday arrested by Sheriff Donnell at the home of Frank Truax in Carlisle.

Five years ago he was convicted of horse stealing in Pendleton county, but escaped from the officers while on route to the Penitentiary, and has since been in Chicago, where he accumulated considerable property.

He came to Nicholas county recently in search of his wife, and succeeded in locating her, but as the wife of Truax, she having assumed Barlow's name.

The meeting had just taken place when Barlow was arrested.

He will be taken back to Frankfort.

The public debt was decreased \$3,227,445 during November; but it should be remembered that there is a Republican Administration at Washington.

It is probably not true that the Goebette Election Commissioners at Frankfort intend to throw out votes cast for BRYAN and BECKHAM at the late election.

The Louisville Commercial has two new "heads"—one typographical and one managerial; and THE LEADER rises to remark that the former is not an improvement.

JIM HOWARD, Gentleman, did the right thing when he refused to see TOM CAMPBELL, Scoutmaster, when the latter called at the Louisville Jail and begged for an "interview." CAMPBELL was up to some dirty trick, you may be sure.

COLONEL EUGENE NEWMAN, one of the ablest newspaper writers in the country, is now on the staff of The Louisville Evening Post, one of the ablest newspapers in the country.

Together, they constitute a strong team. Mr. NEWMAN employs his well known pseudonym, "Savoyard," and his letters will come from Washington.

The largest stock of gold coin and bullion ever held in the United States is now accumulated in the Treasury and its branches. The total has been rising steadily during the whole of the present year, and is now \$74,108,350, or about \$76,000,000 greater than at the close of 1909. This is a great country of ours, boys!

If the people of Mason county would manifest half the interest in choosing Magistrates that they do in choosing a Governor or a President, they would find their taxes much lighter than they are. The Governor nor President has no control over county affairs; but the Magistrate vote away \$40,000 to \$50,000 of your money every year—a good sum if it illegally. Think this matter over.

THE LEADER Editor can no doubt learn all he is anxious to know on the subject by consulting the Commonwealth's Attorney—Buletin.

This has reference to the election papers that were properly handed to the Foreman of the Grand Jury by County Clerk Wood on the first day of its session, and which were taken from the Grand Jury and kept from it during the remainder of its session.

Bless your innocent soul, sonny, The LEADER Editor knows exactly who took the papers; but it wants to show the public just what sort of Prosecution Attorneys they have; and it intends to do it.

There is considerable difference in the census of the population of Kentucky and the vote for Presidential electors the 6th of November. The population of the state is given at 2,147,374, and the vote of all the residential electors appears to be 408,125. At the usual ratio of five persons to one voter, this would make a population of 2,040,625, or an increase over the census returns of 106,749.

A MADDENED BULL.

Panic Created at the International Live Stock Exposition—Four Persons Were Injured.

Chicago, Dec. 6.—A maddened bull that had escaped from his keepers while being driven from the judges' ring Wednesday at the International live stock exposition caused a panic among several thousand spectators who were witnessing a heavy team exhibition on Dexter avenue, just west of the pavilion. When the animal gained his freedom he lowered his head and made straight for the crowd. Shouts from a score of men warned those in peril, but in the wild scramble for safety three men and a little girl were unable to get out of the way and were thrown to the ground by the infuriated beast. No one was seriously injured, however, and the bull was captured by cowboys before he could do any further damage.

SHIP SUBSIDY BILL

Mr. Frye, of Maine, Concluded His Speech in the Senate on the Measure.

PERMISSION TO ACCEPT DECORATIONS.

Resolution Calling for Information as to the Postal Frauds in Cuba Referred to Committee.

The House Devotes the Day to the Army Reorganization Bill, Which Was Brought Up Under a Special Order.

Washington, Dec. 6.—When the session of the senate opened Wednesday the credentials of Samuel D. McEnery and Murphy J. Foster, as senators from Louisiana, and George P. Wetmore, from Rhode Island, were received. Bills were passed permitting Capt. B. H. McCall and Commander W. C. Wise, of the United States navy, to accept decorations from the emperor of Germany.

The resolution introduced Tuesday by Mr. Pettigrew, calling for information as to the postal frauds in Cuba, was referred to the committee on relations with Cuba.

Executive Session.
The senate at 12:25, on motion of Mr. Lodge, went into executive session, remaining behind closed doors until 2 o'clock.

The house bill for the celebration of the establishment of the seat of national government in the city of Washington was passed without discussion.

Consideration of the ship subsidy bill was then resumed. Mr. Frye, of Maine, concluding his speech begun Tuesday, said the bill adopted by the senate should be no more than \$50,000,000 per year. That limit, he said, was fixed definitely in the bill.

On motion of Mr. Platt, of Connecticut, the senate at 3:45 p. m. held a brief executive session and then adjourned.

DOINGS IN THE HOUSE.

A Bill Introduced Providing for a Government Ship to Bring Boats to the United States.

Washington, Dec. 6.—The house devoted the day to the army reorganization bill, which was brought up by a special order adopted at the opening of the session, which limited general debate to two hours on a side. Lieut. Gen. Miles and a number of army officers were interested spectators throughout the day.

Chairman Hull and Mr. Parker, of New Jersey, of the military committee, republishers, supported the bill, and Messrs. Cochran, of Missouri; Kleberg, of Texas; McMillan, of New York; Shaforth, of Colorado; Cummings, of New York, and Cox, of Tennessee, demoted, spoke briefly against it.

Bills and Resolutions Introduced.

House bills and resolutions introduced Wednesday: By Mr. Littlefield, of Maine, to prohibit the sale of firearms, opium and intoxicants to aboriginal tribes and native races in the Pacific Islands; by Mr. Wilson, of Arizona, to establish a supreme court for the territories of Arizona, New Mexico and Oklahoma; by Mr. Fitzgerald, of Massachusetts, providing for a government ship to bring boats to the United States to take advantage of the homestead laws.

THE WAR REVENUE.

A Bill Introduced Proposing a Reduction Agreeing to a Forty Million Dollars.

Washington, Dec. 6.—Chairman Payne, of the ways and means committee, introduced the bill reducing the taxation under the war revenue act, after the republican members of the committee had agreed on the form of the measure and the articles to provide the reduction of tax. It is intended to have the full committee act on the bill Thursday and to put it through the house before Christmas. The other articles aggregating reduction estimated at \$40,000,348.

The estimated reductions in detail as given out by Mr. Payne are as follows:

The Reductions in Detail.

The bill provides a discount of 20 per cent. in the tax of \$2 per barrel on beer in lieu of the present 7 1/2 per cent. reduction, making the new rate \$1.60 per barrel.

The section of the war revenue act taxing commercial brokers, custom house brokers, clericals, theaters, and other exhibitions are stricken out.

The rate on cigars is made \$5.00 instead of \$5.00 per 1,000, weighing more than three pounds per thousand.

Schedule A.

Schedule A—relates to stamp tax on corporate stock, bonds, etc., sales, etc., at exchanges or boards of trade, freight receipts, certificates of profits, entry of goods at custom houses and consular receipts of goods from customs bonded warehouses. With these exceptions, the stamp taxes under schedule A are stricken out. Chairman Payne's statement gives in detail the stamp taxes omitted under schedule A.

Schedule B, which required stamps on proprietary medicines and preparations, on artificial teeth, chewing gum, etc., is amended so that sparkling or other wines are the only products requiring stamps.

TAXES ON LEGACIES.

This Section of the War Revenue Act and the One on "Mixed Flour" Are Amended.

Section 20 of the war revenue act, relating to taxes on legacies, is amended by adding at the end of said section the following:

"Provided that nothing in this section shall be construed to apply to bequests or legacies of real or personal property, of religious, literary, charitable or educational character, including works of art."

Section 30 of the act is amended as to administrative features, and sections 10, 11, 18, 19 and 20 are repealed, as they relate to administrative features no longer necessary.

Section 35 of the act is amended to read as follows:

Section 35. That for the purposes of this act, the words "mixed flour" shall be taken and construed to mean the good product resulting from the grinding or mixing together of wheat, or wheat flour, as the principal constituent, with any other grain, or the product of any other grain, or other material, except such material, not the product of any grain, as is commonly used for baking purposes: Provided, that when the product resulting from the grinding or mixing together of wheat or wheat flour with any other grain, or the product of any other grain, of which wheat or wheat flour is not the principal constituent, is specified in the foregoing definition, it is intended for sale as wheat flour, such product shall be held to be mixed flour within the meaning of this act."

Stamps Issued and Not Used.
The bill provides for redeeming revenue stamps heretofore issued and not used. The concluding section provides that the act shall take effect thirty days after its passage.

Chairman Payne called a meeting of the ways and means committee for Thursday morning, when he expected to have the bill reported to the house. He will then seek to have the bill considered after the army, oleomargarine and legislative bills are disposed of, with a view to securing action before the holidays.

A TWO HOURS' FIGHT.

An American Force Attacked 300 Rebels—Latter Retreated After Having 16 Men Killed.

Manila, Dec. 6.—A dispatch has been received from Gen. Funston giving an account of a two hours' fight in the woods of Santo Domingo between an American force and 300 rebels in command of Sandico. The American force, consisting of 30 native scouts, commanded by Lieut. Jernigan, attacked the rebels, who retreated, leaving on the field 16 men killed, including the rebel leader, Aguilar, and an American Negro. It was at first thought the latter was a man named Jernigan, from the 24th infantry, but this turned out to be a mistake. Not one of Jernigan's men was wounded.

Lieut. Hobson's Condition.
New York, Dec. 6.—There was no change in Lieut. Hobson's condition Wednesday night. He still is very ill. Hundreds of letters and telegrams arrived for him, but none is sent to his room, the physician forbidding it. The letters are also many calls, but no one is allowed to see him.

TOSSED BY STORM

A Severe Gale Swept Over the Coast of New England, Doing Much Damage.

FIVE FISHERMEN WERE DROWNED.

Six Coasting Schooners Wrecked, Nine Vessels Sunk, Eight Schooners Ashore and Eleven Injured.

The Usual Amount of Havoc Played on Land, Buildings Being Blown Down and Telegraph Lines Prostrated.

Boston, Dec. 6.—Another southern storm has swept over New England and gone the way of all such disturbances, straight off to the northward and like hundreds of its energetic predecessors, left death and destruction in its wake. Tuesday's gale was Wednesday night throughout the coast, from Nova Scotia and New Foundland, preparatory to making a stirring descent upon the European steamship track so that its destructive history is not yet fully complete. Just what it accomplished in this line in New England and particularly along the coast north of Boston can be summed up as follows:

Many Vessels Damaged.
Five Gloucester fishermen drowned; six coasting schooners completely wrecked; nine vessels sunk; eight schooners ashore and 11 others more or less injured through collision and loss of gear.

The usual amount of damage occurred on land, buildings blown down, telegraph wires prostrated and some damage on railroads in the northern portion through heavy snows.

While the storm was very severe along the entire New England coast, shipping north of this point seemed to have escaped more than that of the south shore and Cape Cod. In fact, no wrecks occurred on the latter's dreaded sands.

Bad Trap For Craft.
Salem harbor proved a bad trap for seven or eight sailing craft, while on the rugged Maine shore were dashed up a dozen other coasters.

The fatality of the Mary A. Brown occurred at Hampton beach, not far from the place where the wreck of the St. John schooner Advance came ashore without her crew; but not a soul reached shore to tell of the vain battle against the ruthless elements.

It is generally believed that incoming vessels will add something more to the storm.

A WIND STORM.

Considerable Damage Was Wrought at Coney Island By a Strong Northeaster.

New York, Dec. 6.—The northeast wind storm caused considerable damage at Coney Island Wednesday. The tide was the highest in years past, and the meadows were flooded. The water of reaching the houses on this part of the island was not far from the place where the wreck of the old shell road was four feet under water, and a man who attempted to reach his house by means of a horse and carriage came near drowning his horse. The ocean side of the island received a terrible pounding from the waves, which washed over the concourse between the Brighton Beach property and West Brighton. Much damage was done to several small pavilions along the shore, and the old iron pier was slightly damaged.

OVER A CARTOON.

Fatal Quarrel Between Rev. John Wohl and Attorney S. D. Stokes at Williamson, W. Va.

Williamson, W. Va., Dec. 6.—Rev. John Wohl, a Presbyterian minister, and Attorney S. D. Stokes, quarreled on Wednesday as a result of a cartoon illustrating the evil effects of the dance used by the minister in a sensational sermon preached last Sunday. Wednesday afternoon they met on the streets and a quarrel ensued. Calling Stokes a liar, Wohl advanced upon him with a drawn revolver. A shot was fired, seriously wounding Stokes, who was held by a crowd and taken to the hospital, where he died instantly. Stokes surrendered.

Lord Roberts at Durban.
Durban, Dec. 6.—Lord Roberts, who has arrived here, was accorded a tumultuous welcome. Members of the Irish association dragged his carriage to the town hall. The streets were profusely decorated and crowds of suffocation. Numerous addresses were presented to the field marshal.

Wayland and Robbed.
Shenandoah, Pa., Dec. 6.—Joseph Lookosky, of Cleveland, O., was waylaid and robbed of \$250 in cash and a gold watch on one of the principal streets of this city early Wednesday morning. He came here in search of a brother, and was trying to locate his brother's home when attacked.

No More Infantry For South Africa.
London, Dec. 6.—According to the Daily Express, no more infantry drafts will be sent to South Africa. The only troops to go to the front will be mounted men.

IN A MEXICAN MINE.

Nine Cases of Dynamite Exploded, Resulting in Dead and Wounding of Many Miners.

Mexico City, Dec. 6.—An explosion of dynamite at the mines of San Andres de the dead and wounded many miners. At the latest advances 25 bodies have been recovered. Fifteen injured persons, some of whom will die, were taken from the wreckage, and the ruins are thought to contain other victims.

It is not known as yet how the explosion occurred, but nine cases of dynamite blew up at the powder house with an appalling roar, shaking the country for many miles around. When the panic had partially subsided the wives and children of the miners hurried to the scene, finding all the buildings wrecked and dead bodies, fearfully mangled, lying about.

SENATOR TOWNE.

He Has Been Tendered and Accepts the Senatorship, to Succeed the Late Cassin K. Davis.

Duluth, Minn., Dec. 6.—Charles A. Towne Wednesday night confirmed the report that Gov. Lind had tendered him the United States senatorship, and said that he had decided to accept the appointment. He has telegraphed the governor to that effect. Mr. Towne refused to discuss the matter further, but said that he would leave for Washington via St. Paul Thursday morning.

There is great satisfaction in Duluth over the news. It is considered a triumph for the city, and a reflection of party lines, the feeling is general that Mr. Towne is the most prominent member of Gov. Lind's party in the state, and that under the circumstances the honor of going to the senate should be his.

ENVOYS' DEMANDS.

Those Chinese Primarily Responsible For the Boxer Outrages Should Be Punished.

Peking, Dec. 6.—At the recent meeting of the foreign envoys, when it was agreed to move for a measure the former demands upon the subject of the punishment of the Chinese responsible for the outrages against foreigners, a demand was made that those primarily responsible should be punished. This was acceptable to the representatives of the powers, and it was also agreed that those officials within whose districts trouble occurred can not hold office again if it is proved that they did not take the necessary steps to prevent the attacks upon foreigners.

Denies the Report.

Appleton, Wis., Dec. 6.—Miss Irene Woodward, of Evanston, Ill., who was a guest in the family of Minister Cooper in Peking during the siege of the legations by the Boxers, is here with her aged mother, and emphatically denies the report of her engagement to Lieut. Frederick Bischoff, of the German army, a grandson of Prince Bismarck.

Am Ambassador to Italy.

Washington, Dec. 6.—It was quite generally expected that the nomination of George Von L. Meyer, of Massachusetts, to be ambassador to Italy would be sent to the senate Wednesday, but for some reason it did not go in, though it is still expected he will receive the nomination very soon.

The Demands Yielded To.

Berlin, Dec. 6.—A dispatch received here from Tangier says the demands of Baron von Montenegro, the German minister to Morocco, for the payment of the three principal claims incurred by Germany and her allies in the suppression of the rebellion of the offenders have been yielded to by the sultan.

Killed By Football.

New York, Dec. 6.—A table game here shows that during the past 24 hours 11 deaths, 62 serious injuries and 130 minor injuries have resulted on the gridiron in this country. The number is in excess of last season.

Condition of the Treasury.

Washington, Dec. 6.—Wednesday's statement of the treasury balances in the general fund, exclusive of the \$150,000,000 gold reserve in the division of redemption, shows: Available balance, \$137,690,450; gold, \$95,287,450; silver, \$42,402,999.

Section 32 of the Porto Rican Act.

San Juan, Porto Rico, Dec. 6.—The principal merchants at Ponce have asked the executive council to petition the United States congress to repeal section 32 of the Porto Rican act. This relates to creation of municipalities.

Blue Jackets Missing.

London, Dec. 6.—The gale continues to sweep the channel. A boat with several blue jackets from a torpedo boat destroyer in Dover harbor is missing, and the authorities fear it has been capsized.

To Repeat the Fifteenth Amendment.

Washington, Dec. 6.—Representative Charles F. Smith, of Ohio, introduced in the house a resolution for a constitutional amendment to repeal the fifteenth amendment to the constitution.

The Case Convalescent.

Livadia, Dec. 6.—The czar's physicians announced Wednesday that their patient is completely convalescent.

"BLUE-EYED" HARRY.

He Resumed the Stand and Told His Tale of Love in the Peter Sells Divorce Case.

Columbus, O., Dec. 6.—Correspondent Harry Lyons resumed the stand Wednesday morning in the Sells divorce suit. He denied giving Mrs. Sells a perfume bottle with a silver case, or any other presents, but said he gave Florence such a bottle when she was a graduate of the academy. Christmas presents from Peter Sells, Mrs. Sells and Florence, but none from Mrs. Sells clandestinely.

"What induced you, Mr. Lyons, to write the letter you did to Mrs. Sells while she was in Australia? What was the state of your mind?" asked Huling.

"I was influenced by the woman and could not help myself. I was in such a state of mind that I was not responsible for what I did. But by the time Sells returned from Australia I had control of myself and ceased to make an exhibition of myself. From that time on I more regarded Mrs. Sells as I would a sister. My mind was not so disturbed as before they left for Australia."

In the Throes of Love's Fever.

Correspondence with Mrs. Sells was begun by Lyons writing the first letter. Lyons wrote for correspondence was made at the railroad station in San Francisco before Mrs. Sells sailed for Australia. Mrs. Sells suggested that she be addressed as Mrs. Sells. He said he was not exactly in his right mind when he kissed Mrs. Sells good-bye at the Oakland mole; he was in the "throes of love's fever." He had had this fever for a few months. He was unable to explain how he was affected by this "disease," as Peters called it. He finally said, "I'm simply idolized and worshiped by her. It made him feel like hugging her and making love to her. He had kissed Mrs. Sells before the parting at Oakland mole."

Harry's Trips to Logan.

He did not think Mrs. Sells was laboring under the same disease that he was when she was in Australia. He felt then that she was not so badly infatuated as he. He had seen Mrs. Sells several times at her parents' home in Logan, O., and had stayed over night there when Mrs. Sells was there. A door opened from the room in which she slept into the room occupied by Mrs. Sells. This had occurred both before and after the Australian trip. Sleeping arrangements were always the same. He would go to Logan Saturday night and not return until Monday.

Was in Love With Florence, Too.

Lyons declined to give the name of the Pittsburgh girl known as "Sue" to whom he was engaged at the time he was infatuated with Mrs. Sells, and the court would not compel him to do so. The engagement was broken in August, 1903.

Yes, Mrs. Sells never in love with Florence, too, he said, even when he was 30 years old, but he was not "crazy" after her as he was after Mrs. Sells.

Covered By Snow.

Boston, Dec. 6.—Six inches of snow covers the ground in Maine, New Hampshire and Vermont.
